AT CHOOSE TO CARE

FEBRUARY, 2021

EDITION #15

From the Principal's Desk

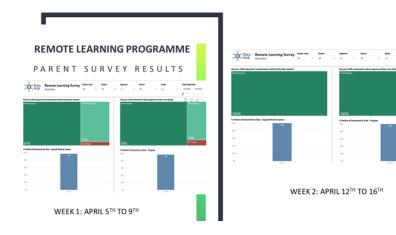

Have you heard about the Choluteca Bridge in Honduras? It is a suspension bridge that was built in 1996 to withstand the extreme weather of the region, which is notorious for storms and hurricanes. Opened to the public in 1998, the bridge that spanned 300 metres over Choluteca River is considered one of the greatest works of architecture in the country. When Hurricane Mitch hit the country the same year, it brought untold damage to the region, while thousands lost their lives.

The bridge that was built to last lived up to its purpose, remaining intact despite the pounding rain and strong wind. But, what nobody expected was for the river to change its course. Instead of running under the bridge, the river now flowed beside the bridge. The mighty Choluteca bridge is now a bridge to nowhere!

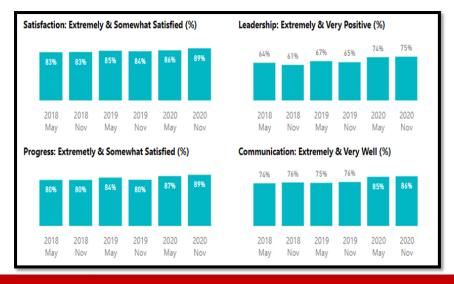

The lesson from this is more relevant to us today than ever before. The bridge is an excellent metaphor for the constant change we are facing. Change is inevitable but what's more important is our ability to adapt.

Covid-19 has been a game-changer. It has forced us all to make changes to our lives and daily routines. It is difficult to predict what the future holds post-Covid-19, but for us to thrive (and not just survive!) in these challenging times, we need to be resilient and brave enough to explore new things. Amongst other things, the pandemic has transformed teaching and learning. Students have had to get used to learning online, while teachers have been forced to use virtual platforms to teach. It has required us to adapt, and quickly!

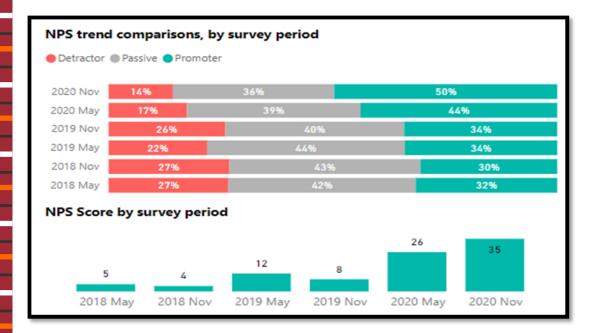

The result of the Parent Survey conducted at the start of the Remote Learning Programme speaks volumes. Within a week of going online, parents were reporting very high levels of satisfaction, and students were making good or better progress.

Our teachers have continued to work closely with students, albeit remotely, and monitored student achievement to ensure a steady progress across all subjects and across all grades. The parent community's growing confidence is plainly evident in the Parent Survey reports.

We greatly value Parent and Student feedback, and we have always followed up a Parent Survey with a 'You Said, We did'. The impact is visible in our very healthy NPS Score of 35, which is among the highest across GEMS Schools. The 'detractors' are far fewer and the percentage of 'promoters' has increased significantly.

A quick look at our Performance Quadrant shows a slight disparity between the importance parents place on an area against their estimation of the School's performance in that area. Accordingly, we will now place even greater focus on Personalised Learning, Student Voice, Student Well-being and Preparing Students.

| Area | | Importance | Performance | Difference ▼ | _ |
|-------------|-------------|------------|-------------|-----------------|--------------------------------|
| Personalise | ed Learning | 93 | 90 | -2 | Note: The variation seen in |
| Student Vo | oice | 94 | 90 | -4 | the 'Difference' column is due |
| Student W | ell-being | 96 | 92 | -4 | to rounding off to the nearest |
| Preparing : | Students | 96 | 92 | -4 | whole number! |

We firmly believe that there is no limit to what our students can achieve. To this end, we will be providing clear personalised learning pathways and plans for every one of our students. We are making it possible for every student to choose subjects, platforms, curricular and co-curricular activities based on their interest. This, we believe will have a direct bearing on student well-being and making students future ready. It is our way to guiding our students to bat every curve ball, and navigate every rogue wave they may encounter.

WHAT'S NEW @ GMS IN AY 2021 - 2022?

The culture of success and the highest educational standards that GMS has come to be known for, will only get stronger. On offer are unmatched opportunities for inquiry and collaboration to inspire new perspectives, challenge convention, and develop the grit to embrace a future of unknowns. Students will have choices in both what they study, as well as how they demonstrate their understanding or mastery of a concept. They will also have a choice in how they approach learning and have a voice in policies throughout the school.

Our Foundation Years Programme (KG to Grade 2) has been carefully redesigned to make it a curriculum neutral, dynamic learning programme that is fun. Put simply, we are ensuring a highly structured and responsive approach to each child's learning, in order that all are able to progress, achieve and succeed. Our students explore a variety of concepts and learn that there is no one single way to do things. We want our early learners to grow comfortable expressing themselves and see that learning happens everywhere. Our programme is designed to

unlock the limitless potential of our learners through a learning environment that nurtures creativity, risk taking, and independent thinking.

The Middle and Senior School programmes too will allow our students several new experiences.

The **Skills Programme @ Middle School** will be linked to the Afternoon Enrichment Programme to provide experiential learning opportunities that engage students in reflective problem-solving with multiple potential avenues of inquiry.

- Grade 6: Marketing, Commercial Application
- Grade 7: Design Thinking
- Grade 8: Artificial Intelligence

The Skills Programme @ Senior and Senior Secondary School will include the following pathways:

Grades 9 and 10:

Artificial Intelligence (Code: 417) [Overview: Neural Network, Problem Scoping, AI Project Cycle with Real-life Applications]

Information Technology (Code: 402) [Overview: Keyboarding, Digital Documentation, Web Applications and Security, Digital Presentation, Internet Technologies]

Multimedia (Code: 415) [Overview: Digital Design, 3D Modelling, Photography, Photoshop]

For students of Grades 9 and 10, the Second Language options will include **CBSE Arabic**. This is in addition to Hindi, French and Malayalam. Students may also opt for **Mathematics** (**Basic**) in place of Mathematics (Standard) should they wish to do so.

Students of Grades 11 and 12 have over 22 subjects to choose from:

Artificial Intelligence (Code: 843) [Overview: Math for AI, Data Analysis and Computational Thinking, Storytelling, Critical and Creative Thinking]

Multimedia (Code: 821) [Overview: 2D and 3D Animation, Video and Sound Editing, Project setting and animation rendering]

Typography and Computer Applications (Code: 817) [Overview: Knowledge of basic essentials of computer for office through different packages like Excel and PowerPoint, with an emphasis on Internet Search and Email management]

Apart from Islamic Education/Moral Instruction and English (Core) which are compulsory, students can choose from Sociology, History, Political Science, Painting, Physical Education, Psychology, Mathematics, Economics, Physics, Chemistry, Biology, Computer Science, Informatics Practices, Business Studies, Accountancy, and Marketing.

In future, it requires more than just hard work to achieve success. Those who are brave enough to build bridges over unchartered waters are most likely to triumph.

GEMS Millennium School

FEBRUARY 28, 2021

Being fit and active is a vital part of a healthy lifestyle. The earlier we teach children about the positive aspects of regular exercise, the more it will become a part of their everyday lives. By keeping active, even in the simplest ways, children can support each part of their body and their brain for optimum learning and growth.

ESAFETY

Look out for this space to learn more on the glossary used in the world of cyber safety

- Avatar: An icon or figure representing a particular person in a video game, Internet forum etc.
- * Clickbait: A web link designed to entice users to go to a particular piece of online content usually with the aim of generating revenue from online advertising of at the expense of quality or accuracy.
- * Malware: Malicious software that is designed to infiltrate or damage a computer system without the owner's informed consent. It includes computer viruses, worms, Trojan horses, spyware, dishonest adware and other malicious and unwanted software

Every month this space will include one social media platform, the major concerns regarding its content, the average age of the user, and how to edit the privacy settings for that platform

This month we share on Instagram

Instagram is a social networking app that enables users to take, edit and share photos or videos. This can be done either privately or with a private network of Followers. Instagram has become a public validation of popularity and self-worth for teens – competing with one another for the most amounts of "Likes" and Followers.

The *major concerns* for parents are the content of the pictures their children are sharing, and that location can be added to photo. There are many stories of people who have been burglarized after they've posted photos from vacations with their location included.

A growing trend has been for teens to create a fake Instagram account or a "Finsta" that is only shared with a select few people. The content on a Finsta is typically much different than their primary account. We encourage parents to be aware of all the accounts their children may have.

Average age of users: 25-34

How to edit your privacy settings: Your Profile > Gear icon at top-right corner > Private Account switch

Let's follow Cyber Ethics

"Cyber ethics" refers to the code of responsible behavior on the Internet. Just as we are taught to act responsibly in everyday life with lessons such as "Don't take what doesn't belong to you" and "Do not harm others," we must act responsibly in the cyber world as well.

- * Do not use rude or offensive language.
- * Do not cyberbully.
- * Do not plagiarize.
- * Do not break into someone else's computer.
- Do not use someone else's password.
- * Do not attempt to infect or in any way try to make someone else's computer unusable.
- * Adhere to copyright restrictions when downloading material from the Internet, including software, games, movies, or music.
