GMS NEWSLETTER

EDITION #18

Children who are not stretched or challenged, especially in an area of high competence, may lose interest or not motivate themselves to take it further. It is not always common for a child to take the initiative to delve deeper and deeper into a topic if they do not have a witness to their passion or who are willing to engage with them and encourage.

This is where we, as a school, come in. We firmly believe that all children are capable. All children are talented. All children want to learn.

We begin by identifying and drawing from a child's innate and learned skills to develop into a competent independent and self-motivated learner. Many children would manage their work with greater ease with increased confidence. The more success a child can experience within themselves, at school and in their world at home and in their other interests can be a determining factor that will assist them to avoid the compulsion and allure associated with internet overuse such as online gaming, social media and YouTube consumption.

Our personalized learning journey ensures that every child has the opportunity to succeed. So please do join me as we celebrate and congratulate our many winners in intra and inter-school competitions in Term 2.

Take a Walk in the Park Day

Date When Celebrated: 30 March

Don't miss out on even though the day has gone by...you can make it a daily routine

"Take a Walk in the Park Day". It is an opportunity for exercise and relaxation. Are you stressed out? A walk in the park is just what the doctor ordered. Its calming and therapeutic. Taken after a busy work day, it helps clear your mind and re-energize you. Or, take the walk during lunch and you will find the afternoon of work goes by quicker and easier.

A walk in the park will likely be the most enjoyable part of your day. However, make sure to do so with a clear mind and with your eyes open. In addition to avoiding a fall, open eyes will allow you to take in the beauty of nature's wonders: flowers, and trees, birds, and wildlife.

Tip: We suggest you take a walk in the park with a friend or family. It will prove far more enjoyable if you have company on your walk.

Thought for Today: "Today is the first day of the rest of your life." - - Author Unknown

1st April – Aprils Fools' Day

April Fools' Day is also known as All Fools' Day and is celebrated for centuries but its origins are uncertain. According to some historians, it was first celebrated in 1852, when France switched from the Julian calendar to the Gregorian calendar and some say that it is related to the turn of the seasons.

FUN FACT

May the blessings of the month of Ramadan be on all of us and may the Almighty grant us all our prayers .

May you be blessed with good health, wealth and happiness! RAMADAN KAREEM to all!
