

GMS NEWSLETTER

GMS prides itself on its excellent sense of community: we are not just a school, we are a family. This has been established through wonderful, open communication with our parents and families. We do this through multiple platforms to ensure that everyone in the GMS community has the ability to remain informed of events and activities at our school, but also so that parents have the ability to voice their queries or concerns.

The relationship between student, school and home is critical to building a successful partnership. We understand that communication is an essential element of the

educational journey, which is why at GMS we use an advanced digital learning management system for our students and parents. Phoenix Classrooms is a transformative teaching and learning platform we use to streamline communication, facilitate and provide easy access to your child's learning journey. Our parent portal is optimised for both a mobile and desktop view and has been designed to provide our parents with the necessary information they need to support their child with their learning. Parents have immediate access to their child(ren)'s grades and academic progress, and can connect with teachers and perform multiple administrative activities like paying school fees, viewing school and classroom related communication all at one place.

Features include:

Your primary source for information; access to the school newsletters, circulars and up-to-date information on School activities, events, Canteen menu and more.

Providing visibility of your child's assessment tasks allowing you to track progress to completion

Ability for two-way communication with your child's teachers and school staff.

Assignments and worksheets are listed online which allows for additional engagement, assisting with delivery of homework and the opportunity to celebrate your child's progression on their educational journey and digital literacy skills.

You can access Phoenix Classroom, go to www.gems.ae and click on Phoenix Classroom Tile. alternatively use this direct URL: <https://gems.phoenixclassroom.com>

Use your GEMS username and password. For example:

Username: vishal.k

Password: GEMS password

If you do not have your login credentials yet, please send an email to helpdesk_gms@gemsedu.com

With the GEMS Connect App, parents can access student information, track bus location, pay fees, view circulars, newsletters, timetable, assesment reports and track attendance, submit leave requests and do much more in one place.

Our very active social media pages are used to celebrate the success of our students, remind parents about upcoming events and share the wonderful educational experiences of the GMS community.

So, do stay connected. We'd love to hear from you!

PREFECTS INVESTITURE CEREMONY– 26 MAY, 2022

Student Leaders - We Congratulate you on being inducted into important leadership positions. We are extremely proud of you!

STUDENT COUNCIL INVESTITURE CEREMONY

You have a great opportunity to forge your own style of leadership, and to change the status quo! Have a clear understanding of your role; work with passion; and have the ability to make others feel charged and energized. Keep lines of communication open so those you are in charge of feel free to share concerns and ideas.

Through your moral strength, be an inspiration; motivating others to be good human beings – good human beings who are compassionate, and who value and respect others. And, most important of all, stand up for what is right, even when it means that you are standing alone, not bowing to peer pressure. It is about being accountable to those you serve.

We wish all of you the best for all the challenges that lie ahead of you. May the Almighty bless and guide you in all that you do!

LIVING WALL INAUGURATION—ENVIRONMENT DAY

A huge shout-out and a great big thank you to Varnith Prakash of Grade 3D for presenting the school with our first living wall on Environment Day, June 5, 2022.

What's the point of a living wall, you say? A living wall helps to purify the air, to reduce the ambient temperature, to regulate the temperature and promote biodiversity in the city. Living walls are part of climate-proof constructions. What's more, people are happier in a green environment than in grey surroundings.

ASSET Benchmarking Assessment 2021-2022

For the second consecutive year, we proudly announce that GEMS Millennium School, Sharjah ranks amongst the top 20 performing schools in the UAE based on students' performance in the ASSET Benchmarking Assessment 2021-2022.

ASSET is a skill-based assessment test that benchmarks students' academic performances at regional, national, and international levels. At a recent Awards Ceremony, we were recently recognised as amongst the top 20 performing schools in the UAE based on students' ASSET results in 2021-2022.

We attribute our success to:

*The School's enviable student-teacher ratio. It has ensured that students learned well even during the pandemic years.

*The student-centric approach of our highly qualified, skilled and hard-working teachers.

*Exceptional CPD and rigorous teacher training programmes with round-the-year teacher support to help teachers develop the right skills in students.

*A holistic, skill-building-focused curriculum combined with regular competency-based 'Detailed Assessments'.

*Support from the school's parents through their trust in the school and all their decisions.

SMART LIFE SAVING ALERT SYSTEM FOR UNATTENDED OCCUPANTS IN VEHICLES

We are immensely proud of Shreyas Sreejit of Grade 8B. His project, LA VIE was selected as one of the top projects to be presented before H.H. Sheikh Sultan Bin Muhammad Al Qasimi, Ruler of Sharjah at the SPEA Forum held at Sharjah Education Academy.

Shreyas also got the opportunity to share his ideas before Her Excellency Dr. Muhadditha Al Hashimi, Chairperson of the Sharjah Private Education Authority (SPEA) as well as other high-ranking dignitaries. Shreyas has designed a smart life saving alert system for unattended occupants in vehicles.

Congratulations

STREAMABILITY 2022

STREAMABILITY is a research-driven project that has been independently taken up by a group of students of GEMS Millennium School, Sharjah - to create a working model guided by research in achieving a Sustainable Development Goal of their choice. Students created a model of Sustainability City Al-Makanid, Serving the Future.

Venue - GEMS Legacy School, Dubai

1. Kashinadh Praneesh - 8B
2. Kriston Joseph Rodrigues - 8B
3. Kuber Malhotra - 8B1
4. Prahm Prabhu - 8B1
5. Arthur William 6B1

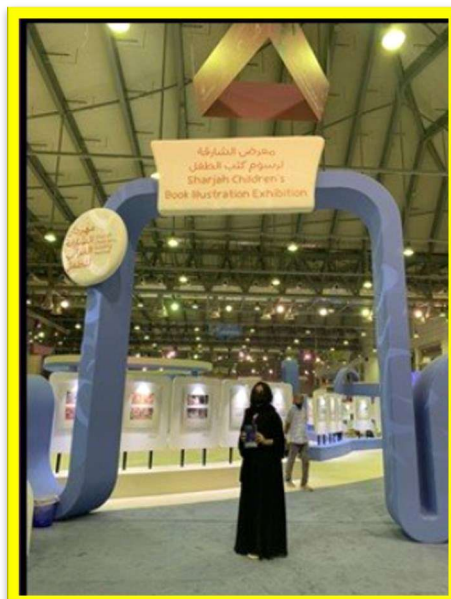

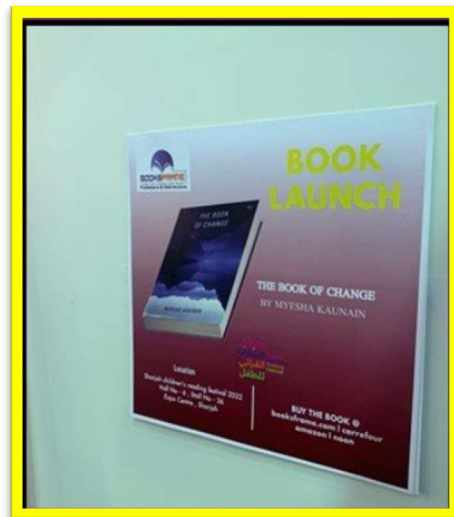

Congratulations!

THE BOOK OF CHANGE—MYESHA KAUNAIN

The Book of Change by Myesha Kaunain was launched at the Sharjah Children Reading Festival at the Expo Centre, Sharjah last week.

As foreword, Ms. Atiyya Dudhat, Educationist and Wellness Coach writes: "In a world where youngsters are engrossed in online gaming and endless screen scrolling. Myesha's book showers simple guidance like raindrops in a thirsty desert. For those who are lost or feel close to giving up, her personal words will hit home and inspire belief that things can get better and they will with a 'changed' perspective."
