

FROM THE PRINCIPAL'S DESK

I am pleased to present the GEMS Millennium School 5-year Strategic Plan. Our plan is oriented around a set of core beliefs and priority outcomes for our students and staff. We have developed specific objectives to be addressed through focused and transformative strategic initiatives. Through this plan, we will be able to reach measurable targets for student success and staff performance.

We believe that:

- Every student can learn and is capable of growth and success.
- Every student is deserving of programmes and opportunities that match their needs and interests.
- We all have a role in our students' success.
- High expectations for both students and staff will promote high performance.
- Investing in our staff is an investment in their ability to serve our students.
- Diversity makes our community stronger and must be celebrated and fostered.
- GMS is arguably the school of first choice, and we must

We seek academic excellence for all of our students while supporting each student to make continual progress toward their individual aspirations. Students are the focus of our work and at the centre of all our decisions. Now more than ever, we are attentive to the mental health and wellness of our students and staff. The past two years have been a time of change for our school community and our families, resulting in stress and losses that cannot be overlooked if we are to embrace a future of innovation, growth, and renewal. Our staff are the drivers of our success, and we must do all we can to ensure they are valued and supported so that in turn, our students have the best possible educational journey.

Our strategic plan provides a concrete roadmap for this work. Our implementation of this plan ensures that we are the school of best choice for families and for our staff.

Thank you for your continued support and involvement with our amazing school.

CONGRATULATIONS!

The 12th Annual Prize Day was successfully held on Thursday, September 15, 2022 to celebrate the stellar performance of our students in the CBSE Board Examinations (2021-2022). Congratulations to all our students and staff!!!!

Bhavanikapriya Venkateswaran of Grade 4G was awarded the Gold Medal of Excellence for Performance Excellence at the school level. Kashinadh Pranesh of Grade 8B was awarded the Medal of Excellence in various categories.

We couldn't be more proud of you both!

LEARNING NEVER ENDS

Professional Development is a vital part of an educator's career. As a teacher, it helps us reflect on our teaching practices, build new skills, come up with different classroom strategies and generally stay ahead of the curve.

Teachers can actively work to expand their knowledge with these professional development trainings. At GMS we provide our teachers with abundant training and learning options.

Parent Forum

The aim of the 'Parent Forum' is to promote and develop effective and positive participation by parents in education at the school level. Periodic meetings are held where key issues are discussed and parent suggestions are sought. The GMS Parent Forum endeavours to engage all stakeholders in the school improvement plan. Our Parent Forum meeting was held successfully on 14/09/2022

YOUR 
VOICE
MATTERS

GEMS ALUMNI PORTAL— INTERNSHIP PROGRAMME

A big shout out to Anirudh Sengar for getting selected for the internship program at Ingram Micro through the GEMS Alumni Portal during the summer vacation.

Here is what he has to say about it:

"My journey with Ingram Micro was really rewarding and worthwhile. Working with such a large IT company and having them train and guide me on how to solve complex business problems efficiently and systematically was a great experience. At the company, I had the chance to collaborate with such impressive and instructive team members, and I can only hope to be surrounded by a team and a working environment that is this encouraging and welcoming in the future. The skills I have learned here will be valuable to me throughout my career."

**MAKING A DIFFERENCE
ONE EVENT AT A TIME !**

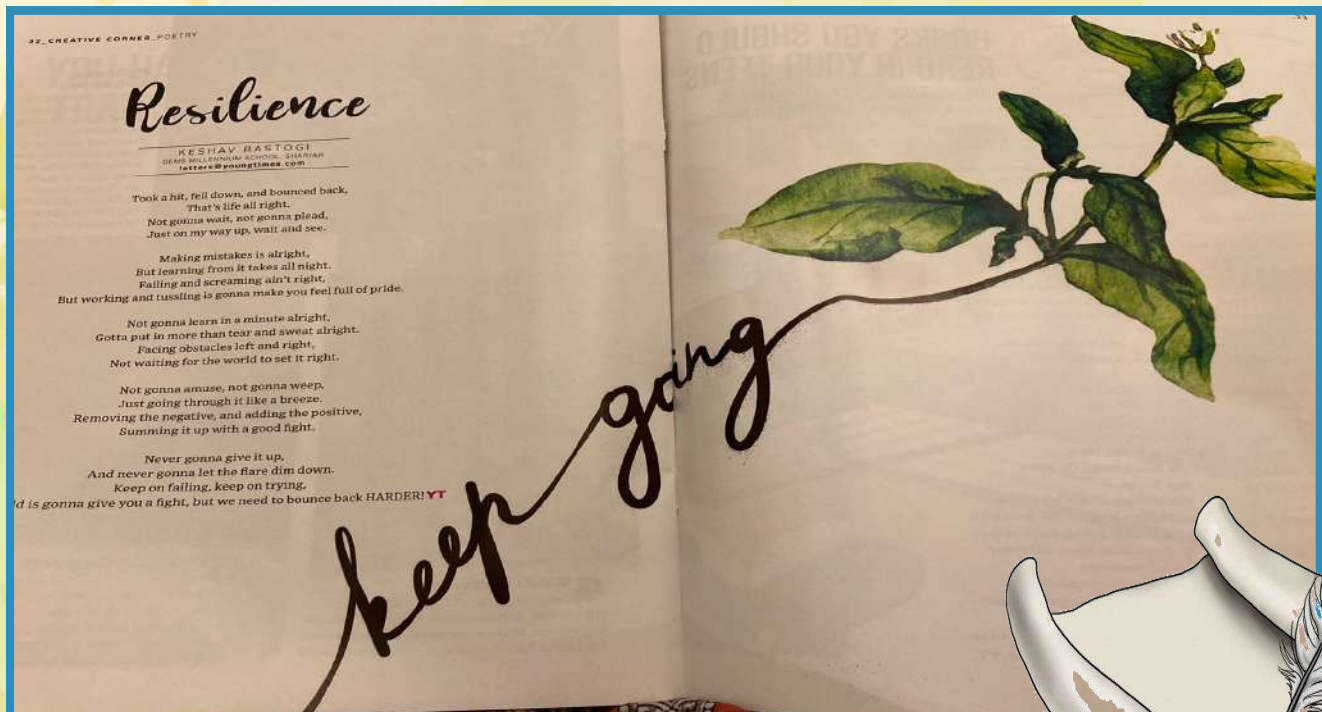

GEMS Millennium School was chosen by Lacnor, Oasis, Emirates Macaroni and Del Monte for a back-to-school programme focusing on health and sustainability.
Our students of Grade 2 had a very informative and fun filled day!!

RESILIENCE– BY- KESHAV RASTOGI

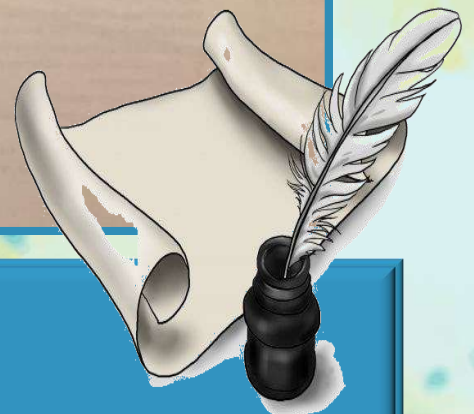

Scan
Me

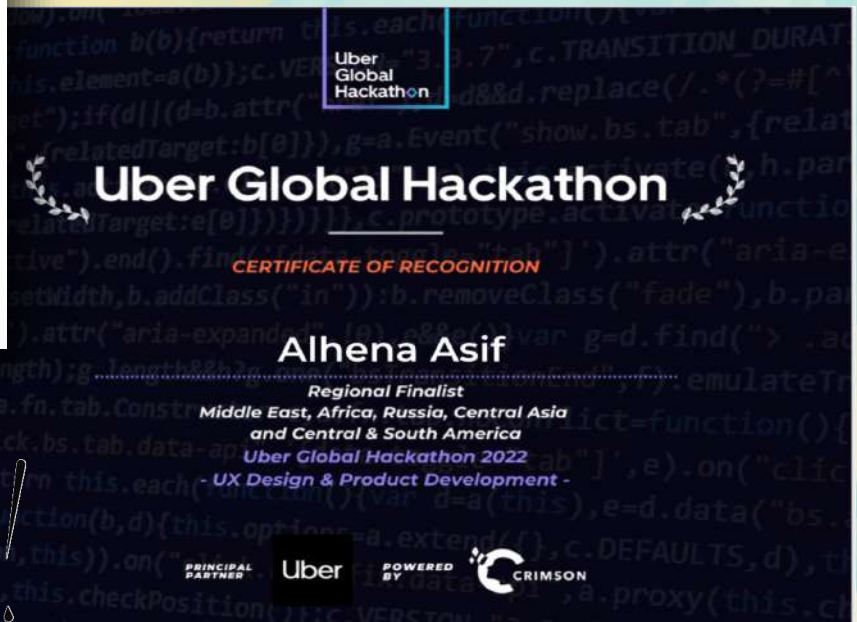

"Poetry is when an emotion has found its thought and the thought has found words" - Robert Frost
GMS is excited to announce that Keshav Rastogi of Grade 9 has his poem published in the Young Times edition of 21/09/2022.

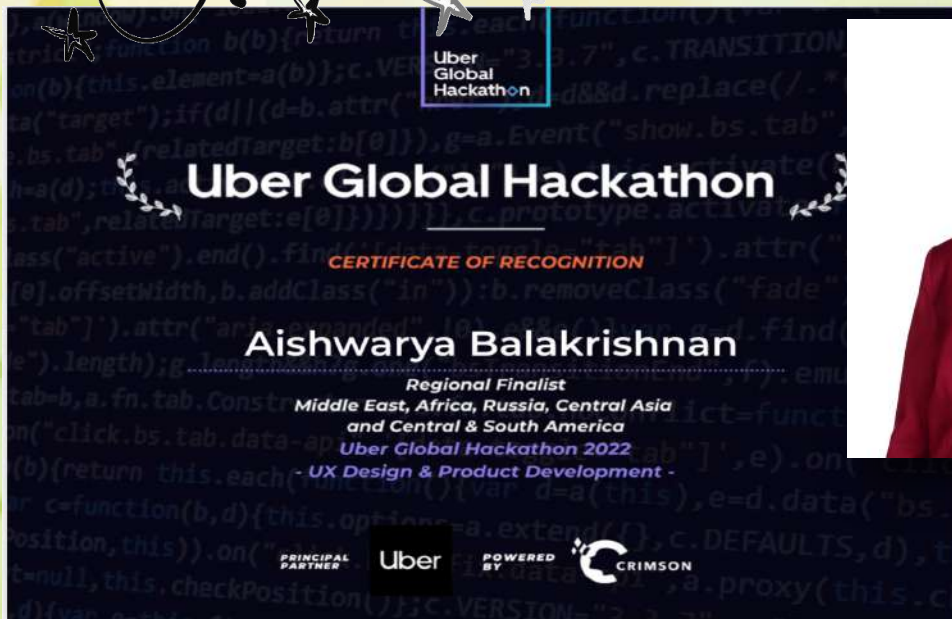

Congratulations Keshav! We are so proud of you!

UBER GLOBAL HACKATHON

Congratulations!

We are pleased to announce that two of our students, Alhena Asif and Aishwarya Balakrishnan took part in the Uber Global Hackathon which is the World's First-Ever Global, Virtual Hackathon for High School Students. It was an enriching experience for both of them. Keep up the good work Alhena and Aishwarya!

We need more innovative solutions like this!!!

ARABIC FESTIVAL COMPETITION

2nd Place -Parvathi Subhash

Havva Salahuddeen—8G1—2nd Place

Syed Yasir Ahmed— 7B1-1st Place

Hadya Bint Faisal-10G1– 1st Place

Abdullah Siraj –10 B– 3rd Place

Panel Discussion

Feel the sprit of Innovation At GMS

Innovation in education encourages instructors and students to conduct research, go on expeditions, and use all available resources to learn something new. It is quickly turning into a method of instruction for both teachers and students. Even while these things can help, innovation is more than just the utilization of new technologies or inventions. Innovation entails a fresh way of thinking, which fosters student creativity and problem-solving abilities .

At **GEMS MILLENNIUM School**, we encourage true **innovation in education**. Our teachers use technology as well as the latest pedagogical tools to encourage our students to think out-of-the-box and innovate in and out of the classroom.

We use innovation by integrating different subjects and giving hands-on experience in science, technology, engineering, art, and mathematics. We also encourage students to develop different Life Skills, thereby inculcating innovation and unleashing the creativity of students. And encouraging them to participate in competitions. Watch out for the upcoming events our students will be participating in.

- ♦ DIDI - Dubai Institute of Design and Innovation for secondary students
- ♦ FLL – First Lego League for Grade 1 and above
- ♦ Science Forum – Grades 7-10
- ♦ DEWA Artificial Intelligence competitions for Grade 11
- ♦ E –Tournament & ICAN.

Watch our children enjoy their experience with the

VR devices(Virtual Reality)

Nothing is impossible as learning has no boundaries.

Join us in congratulating the Star Students for
the month of September!
